Testimonials

Top Producer:

Gene was the number one agent for the largest real estate company in South Texas for 11 years in a row. According to the Corpus Christi Association of Realtors MLXchange 2009 statistics, Gene was once again the highest producing residential real estate agent in town. He has continuously been on the list of TOP 20 individual RE/MAX agents in Texas for 10 years, achieving #2 in 2005.

Certified Relocation Professional:

The CRP is one of the most difficult and time-consuming designations to acquire. Accredited through the Employee Relocation Council (ERC), the CRP focuses on the needs of relocation candidates as buyers and sellers with special attention paid to the value of properties and the specific needs of a transferred employee and their family. There are only six CRP's in Corpus Christi out of 900 total realtors.
