Gene Guernsey, Certified Relocation Professional & Broker

"My style of selling real estate is through education. The more data, information and knowledge that I can share with you, the easier it will be for you to make a decision to move here and buy a new home.

If you will give me an idea of your housing needs (ie – size/type/square foot age/price, schools, extracurricular activities), then I will email you information on all the homes that might be of interest to you. I will also set you up on a flash email system which will send you property details on homes for sale **as soon as they come on the market!**
